

CaringBridge is Your Free Online Tool for Sharing Your Family's Cancer Updates

When you are dealing with an illness or injury; it's time-consuming and draining. We're here to help.

Learn More
Support.CaringBridge.org

Confronting an illness is demanding and isolating. Family and friends are a source of support but sharing updates with each and every one of them is impractical. CaringBridge replaces texts and emails with a free, easy-to-use communications platform.

The CaringBridge Planner makes it easy to request and accept help from your loved ones for errands, daily tasks and to-dos.

Our mobile app and website ensure you're able to get the support of your community wherever you are.

Why CaringBridge?

- Nearly 300,000 people use CaringBridge daily.
- Your health journeys are safe with us because we are private, ad-free and never sell your data.
- Our nonprofit has been supporting health journeys since 1997.
- All of our built-in features—from the Planner to personal fundraiser tools—are designed to bring your family relief.
